DANIELS WANTS SINGLE NAVY FOR ALL NATIONS

by Eight Leading Coun-
tries of World

Boston, June 17.—One navy for the eight leading nations of the world is the aim of a plan drawn up for the world peace foundation to be sent to Secretary of State Bryan and Secretary of the Navy Daniels.

The nations include Germany, United States, Japan, Great Britain, Italy, Austria, France and Russia, which possess naval armaments costing \$4,000,000,000. The plan proposes a joint convention of the nations to reduce their armaments, which may be used jointly if any one of the nations is attacked by reason of the reduction, the contracting parties engaging to postpone any resort to force until an international commission of inquiry shall have rendered its report.

DELEGATES ARE ANGRY

Huerta's Men Disapprove Administration Policy

Niagara Falls, June 17.—The Huerta delegation to the mediation conference issued a statement tonight charging that the insistence by the United States of a Constitutionalist for the provisional presidency as opposed to a neutral was "tantamount to abetting and even exacting fraud and violence at the elections."

The publication of this statement was unexpected by the American delegates. Their attitude was that the Huerta delegates were acting within their rights when they criticized the American plan for establishment of a provisional government in their communication address to the Americans themselves that they were surprised by the Mexican delegates' action in giving it out.

Justice Lamar and Mr. Lehman read the statement issued by the Mexican delegates and determined to make public their replies. This will be given out tomorrow.

MITCHELL FOR SENATOR

Robt. J. Mitchell, candidate for State Senator is, in every particular, worthy and otherwise qualified for the honors for which he asks. Like most men who have made themselves real progressive factors in the moral and business world, Mr. Mitchell started in life with no capital, save that of a strong, unconquerable determination to make good wherever lot may be cast. How well he has succeeded in this, is left for the responsible position he now holds and the high esteem in which he is held by the people of Lawrence county to answer. He began his active career in life as a farm hand, working for fifty cents per day when but sixteen years of age. By his own unaided efforts he acquired a splendid education, taught school a number of terms, was engaged in the mercantile business for two years and is now in the banking business in Verona and is recognized as one of the most successful bankers in the county. In short, Mr. Mitchell has acquired the strength of his obstacle and stands today, unquestionably, one of the first and best citizens of Lawrence county.

Politically, Mr. Mitchell is a Democrat of the most strenuous, but yet the cleanest type. He is a Democrat because he believes in the principles of democracy. He is not only a voting, but a working Democrat and has, from boyhood, been an untiring worker for his party's good. He has been a delegate many times to county, district and state conventions and is always a familiar figure in places where Democrats meet for counsel; and in every instance, has stood for the "square deal." He has made three races for public office, elected twice defeated once. Was elected City Collector of Peirce City in 1897, elected recorder of Lawrence county in 1898 and served with credit in both places. He made the race for representative of Lawrence county in 1910 and was defeated with the rest of his ticket in the face of an adverse majority of 450 votes, but ran about 150 votes ahead of his ticket.

Mr. Mitchell reads constantly the best books papers and magazines. he has formed no alliance with any interest, clique or faction and if the people of the district see fit to give him the office for which he asks, they can rest assured that that they have a man representing them in the State Senate whom money cannot buy, political foes can't intimidate and his warmest and most intimate friends can't influence from pursuing the course he believes to be right.—Verona Advocate.
